

## Expanding Our Reach...

Since 2003, the North American Council for Online Learning (NACOL) has been working to ensure that all students have access to a world-class education and quality online learning experiences that prepare them for a lifetime of success.

We believe every child deserves the opportunities that online learning can offer, and we are broadening our scope to support online learning initiatives around the globe. New horizons call for a new name: *i*NACOL, the International Association for K-12 Online Learning.

Online learning is a powerful innovation that expands education opportunities. *i*NACOL supports access to high-quality online learning for all students.
